

Need a drop-in replacement "VANE PUMP" or parts for Vickers and Denison?

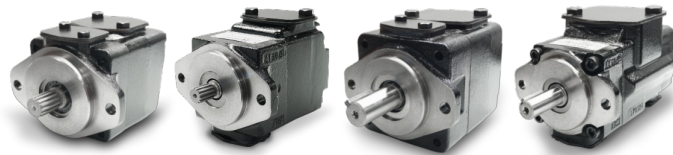

Anfield Industries stocks Vickers and Denison interchangeable units that are available in single, double and triple configurations.

Anfield also stocks an extensive inventory of replacement parts that fit original OEM pumps, including cartridge kits, shafts, bearings, and seal kits for AV & AT series Vane Pumps.

For product selection and technical information, Contact Flow Products to speak with one of our engineers so that we may work with you to select the right Vane Pump for your application.

AV Series Vane Pumps

AT Series Vane Pumps

Anfield also stocks [Gear Pumps](#) and [Orbital Motors](#)
