

# FOOD & BEVERAGE SOLUTIONS

**Flow**  **Products**

## YOUR FOOD & BEVERAGE APPLICATION EXPERTS

For more than 65 years, Flow Products has been a prominent supplier of superior products to the food beverage industry.

We represent over 75 market leading manufacturers that offer a broad range of products that comply with industry standards and are designed to increase productivity, minimize downtime and improve quality.

We specialize in hydraulic, pneumatic and electro-mechanical products commonly used in food and beverage applications including: pizza/tortilla press machines, countertop cooking equipment, beverage gas dispensing systems and confectionary solutions.

Having the right product to fit your specific application is what sets us apart.

Our staff of engineers are certified by the International Fluid Power Society (IFPS) and are ready to assist with any design challenges.

**GO WITH FLOW FOR ALL YOUR  
FOOD & BEVERAGE APPLICATION NEEDS!**

## FLUID CONVEYANCE

Fluid conveyance products are offered in numerous sizes and materials.

This includes food grade suction and discharge hose and fittings that are washdown rated. NSF-51 and -61 compliant.

- Danfoss Food and Beverage Hose
- Danfoss PTFE (Teflon) Hose
- Danfoss Hose Fittings
- Brennan Hose Fittings & Adapters
- Flow Products Custom Metal Tubing

## PNEUMATICS

Full range of pneumatic products to help ensure high performance, maximize uptime and increase productivity.

Stainless steel pneumatic cylinders are ideal for food grade applications. CE and IP ratings available.

- Parker Cylinders
- Parker Valves
- Parker Air Preparation (FRL)

## ELECTRICAL

Electric actuators allow for greater accuracy and repeatability.

An ideal solution for more precise and efficient application requirements.

IP67/IP69K protection and UL, CSA, CE ratings available on some products.

- Tolomatic Electric Actuators
- Joyce Dayton Electric Actuators
- JVL Servo Motors
- Nanotec Servo & Stepper Motors

## POWER TRANSMISSION

Power transmission products transmit power to create motion. We offer premier products that are commonly used in the food & beverage industry.

These motors and gearboxes operate efficiently while providing the necessary accuracy and reliability.

IP66 protection available on some products.

- Tolomatic Gearboxes
- WEG Gearboxes & Geared Motors
- Transtecno Gearmotors

## INSTRUMENTATION

Instrumentation equipment helps ensure adherence to industry standards by providing solutions for quality monitoring and product consistency.

Sensors and control instrumentation are critical for measurements during production.

- Winters Pressure Gauges
- Winters Pressure Switches/Transmitters
- Ansfield Pressure Switches/Transducers
- Ansfield Temperature Switches/Transducers

## SAFETY PRODUCTS

The advance of automation in the food and beverage industry puts a greater emphasis on safety designs.

These products help ensure employee safety while maintaining production up-time.

Leuze safety products are CE certified.

- Parker Safety Exhaust Valves CAT3, CAT4
- Leuze Switching Sensors
- Leuze Measuring Sensors
- Leuze Locking Devices

## POWERFULLY SMART SOLUTIONS

Our dedication to market leading service levels is always evolving. We work to meet all your requirements and strive to provide additional services that enhance the purchasing experience. We offer the following services:

- Same day quote turnaround on standard products
- Customer dedicated inventory
- Vendor managed inventory
- Electronic Data Interchange (EDI)
- Custom labeling and packaging
- IFPS Certified fluid power specialists
- Complete fluid system design, assembly, and test capabilities
- System start-up and commissioning
- System troubleshooting and diagnostics
- Component and systems repair service
- Customized technical training programs

### PRIMARY PRODUCT LINES

Flow Products has partnered with over 75 market leading suppliers to offer our valued customers an extensive portfolio of hydraulic and pneumatic products selected to meet the ever changing needs of the markets we service. The wide base of suppliers assures our customers get the right product for their specific application with the right performance, excellent service levels and at a competitive price.
