Flow Products and Parker Engineered Solution Offer

As Parker's **Diamond Team Distributor** in Illinois and with a partnership spanning over 30 years. Flow Products and Parker have been helping our customers succeed by offering products that improve productivity and enhance worker safety. The range of products include air prep (**F**ilter – **R**egulator – **L**ubricator) valves, actuators and a variety of accessories to help your pneumatic system run smoothly and reliably.

As part of our continuing effort at providing value to our customers, Flow Products would like to offer the **Parker** bundle. This is comprised of the **FRL – Valve – Actuator**. This bundled system offers an engineered solution to your specific pneumatic system requirements.

Parker Advantage

- US manufacturing locations
- 5-year product extended warranty
- Engineered system
- Innovative products
- Extensive product portfolio

Flow Products Advantage

- Parker Diamond Team Distributor
- Over 70 years serving Chicagoland area
- International Fluid Power Society (IFPS) certified engineers
- Stocking distributor
- Custom pneumatic system assembly

Over the next few weeks, we will be sending out the following three product category flyers:

Part 1 – **Parker Air Prep (FRL) Products**
Part 2 – **Parker Pneumatic Valve Products**
Part 3 – **Parker Pneumatic Actuator Products**

These flyers will provide added information on the series available for the **Parker** bundled system. To configure the proper system for your application, please contact our engineers - we will review your specifications and offer the right system to meet your performance requirements.
